Teaching
Humanistic
Care to Serve
and Succeed

Our students are
equipped to begin
a new chapter
in both life and
career.

We are different . . .

Our school is unique in many ways:

Our instructor has **30 plus years** of experience in the field as a nurse, a business owner and a facility director.

We have **small classes** so that students receive direct instruction and lots of hands on practice in lab and in the clinical setting.

We have a **professional resume builder** that works with students one-on-one to complete a professional resume so that they leave the program ready to apply for a job.

Our curriculum is “**humanistic**” (*patient-centered.*)

The cost of our programs is **exceptional.**

Our Programs

CNA Training Program

120-hour state approved training program

AHA First Aid/CPR/AED Certification

HIV/AIDS 7-hour Certification

“Bridge” Program

24-hour CNA training program for the Home Care Aid Certified

This state approved program prepares the Home Care Aid Certified for the state nursing assistant exam in three days for a fraction of the cost

Community Education

Alzheimer’s/Dementia

American Heart Association Certifications (CPR, etc.)

What our students are saying . . .

“New Chapters in Health Care Education is a fast, efficient, and easily accessible way to gain true, applicable knowledge and experience in the CNA career field. Not only do they provide small class sizes, which allow for more one-on-one time with the instructor, but they also provide CPR training, which is not true at other schools. The greatest thing about New Chapters is their personal investment in the success of their students! They even offer help with building or refining your resume. If you want to become a CNA quickly without sacrificing quality classes I highly recommend this place!”

Sam (recent graduate)
